

DTEN Monitor/ Zoom Room Use Case

▼ DESCRIPTION

Summary of the due diligence practices for FFCE consideration of the procurement of DTEN Monitors and Zoom Room licenses for correctional institutions. Use of this technology can help to develop academic, vocational, and social skills, improving potential for reentering citizens in the state of Florida.

▼ PRE-CONDITIONS

Correctional facilities are facing an increasing demand for secure and reliable display solutions that can help to improve safety, security, and operational efficiency. The DTEN monitor is a versatile and cost-effective solution that provides numerous benefits for correction facilities, including secure and tamper-proof display, easy installation and maintenance, clear and readable display, and secure media display. DTEN monitor use allows individuals to participate in virtual events, such as hiring events, interviews, workshops, training, and classes for groups and individuals.

▼ FLOW

Nineteen facilities have been identified as recipient sites for Zoom/ DTEN Monitors with Zoom Room licenses:

1. Apalachee Correctional Institution West
